PROFESSIONAL SUMMARY

Electronics and Communication Engineering undergraduate with a strong academic record and a deep interest in core electronics, embedded systems, and advanced communication technologies. Actively involved in IEEE student activities with experience in leadership and technical coordination. Passionate about building expertise in core engineering and contributing to innovative technology and defence-oriented domains.

EDUCATION

- **Govt. Engineering College Kozhikode** (APJ Abdul Kalam Technological University, Kerala)
 - **BTech.(Hons.) in Electronics & Communication** | **Minor:** Computer Science & Design
 - CGPA: **8.59** | 2023 – Present
- **Indian Institute of Technology Madras**, Chennai, Tamil Nadu
 - **BS in Data Science and Applications** (Dual Diplomas in Data Science & Programming)
 - CGPA : **7.26** | 2024 – Present
- **Rajah's Higher Secondary School**, Nilesishwar, Kasaragod [Government of Kerala]
 - Class XII (Science, PCMB) | Grade : **98%** | 2022
 - Class X (SSLC) | Grade : **Full A+** | 2020

SKILLS & KNOWLEDGE AREAS

- **Technical Skills :**
 - **Programming:** Python, C, Verilog
 - **Web & Data :** HTML, CSS (basic), Data Science Fundamentals
 - **Simulation & Design Software:** Proteus, LTspice, Wokwi, Tinkercad, Arduino IDE, PCB Design, MATLAB
 - **Tools & Platforms:** GitHub, LaTeX, VS Code, Linux , Google Colab
- **Soft Skills :**
Leadership, Teamwork, Time Management, Problem Solving, Communication, Adaptability, Self-Learning
- **Interests :**
Embedded Systems, Communication Systems, IoT, Defence & Aerospace Technology, Technical Projects, IEEE Activities

EXPERIENCE

- **ECE Intern at Keltron KKC Kozhikode :**
Worked on embedded systems and Python-based applications with hands-on experience in PIC

microcontrollers and Arduino platforms. Designed and tested embedded interfaces and hardware modules, gaining exposure to real-world embedded system workflows and project development.

LANGUAGE

- Malayalam
- English
- Hindi

PROJECTS

- **KTU Mini Project**

- Designed and developed a portable ESP32-based IoT soil analysis device to measure multiple soil parameters and generate intelligent crop and fertilizer recommendations, integrating embedded C programming and LCD-based user interaction.
- Reduced manual soil assessment effort by approximately 50% through automated sensing and analysis.

- **EcoLog**

- Conceptualized and developed EcoLog, a web-based digital lab record management system to automate equipment logging and student check-in/check-out processes.improving lab record organization and CSV data export for efficient lab administration .
- Improved lab record organization and streamlined data handling through structured logging and CSV export, reducing manual documentation workload.

VOLUNTEERING ACTIVITIES

- **IEEE Leadership & Activities :**

- **Women in Aerospace - WIA , IEEE AESS - IEEE KERALA SECTION (SLT'26)**- contributing to aerospace-focused initiatives and activities under AESS.
- **Proposal Team Lead - IEEE SB GECK(Execom'26)**-Leading drafting and coordination of IEEE SB technical and professional event proposals.
- Coordinator, **IEEE SIGHT Project (L2L)** - social-impact project funded by IEEE (2 Lakhs).

- **NCC A Certificate** holder (Naval Wing) [2017-2019]

DECLARATION

I sincerely declare that the information mentioned above is true to the best of my knowledge and belief.

Place: Kozhikode

Date: May 6, 2026

Respectfully,

Shreya S N
